

STAGE FLASH

Date:	Friday, June 25th	Flash N°:	4
Day:	1	Distance:	18.87 km
Special stage:	Oserian 1		
Weather:	Warm and dry		
Road conditions:	Dry and dusty		

Car 1. OGIER/INGRASSIA

Drove the stage cautiously with no oil in the rear-left damper. "Broken suspension on the rear. I just had to make it through very slow."

Car 11. NEUVILLE/WYDAEGHE

Finished the stage with two slow punctures.

Car 8. TÄNAK/JÄRVEOJA

"Believe me this is the least of my worry....(losing time to Neuville)."

Car 69. ROVANPERÄ/HALTTUNEN

Fastest time on the stage. "That is a big surprise. It felt bad for me. The conditions are at least driveable now. It was a tricky stage with lots of under steer and stuff."

Car 18. KATSUTA/BARRITT

"I was very careful in this stage. I did not push. We got damage on the stage before. I am very happy I could survive this morning."

Car 44. GREENSMITH/PATTERSON

"Even in the last stage I thought I was driving slow. We have no damping on the left rear...and that's the first pass..."

Car 16. FOURMAUX/JAMOUL

Fourth fastest with rear tyre damage. "To be honest I want to keep my pace for the weekend and we see my place at the end of the weekend."

Car 2. SOLBERG/JOHNSTON

Running very late on the road after starting the third stage 30 minutes after his allotted time.
